Flush Mount Wheelmark/SOLAS compass

C12/110-0010 FLUSH MOUNT

OVERVIEW

The C12/110 flush mount compass is one of the most popular compasses in our range and the best option for tenders and motor boats. Its special design of the inner gimballed system allows the installation on inclined panels without losing the horizontality of the dial.

The stylish design ensures that the compass looks at home on pleasure craft yet the rugged construction allows commercial applications.

And with features such as corrosion-resistant materials and sealed construction to prevent water intrusion this compass provides reliable heading source for safe navigation at sea.
